# Dedication

We, the Class of 1967, dedicate this volume of the ONTARION to Mr. Kenneth Towne, our coach and physical education director. In his two years at Lyme, he has given us winning seasons in every sport and is admired and respected by all.

MISS OLITA STEWART

It is with great respect and much admiration that we, The Class of 1967, pay tribute to Miss Olita Stewart, who has just completed a long and exemplary career in teaching.

Many of us remember Miss Stewart as our fourth grade teacher here at Lyme Central. However, her years in the teaching profession span not only many generations in this school, but also in many other schools in our area - Chaumont Creek, Morris Tract, North Shore, Point Peninsula, and Taft - both before the present central district was formed and before these schools were consolidated with Lyme.

Miss Stewart was truly a dedicated teacher. Teaching was not just something she did during the school day; it was her life. And the boys and girls she taught were important to her. She was interested in their learning the subject matter, of course, but she also inspired them to be well-behaved school citizens.

Miss Stewart will be missed at Lyme Central, but we hope she will be happy in her retirement and will not forget her former students. We know we shall not forget her.

# Class History

Our Senior Class started its Freshman year with 26 members. Our class advisor was Mr. Van Schaick. We elected officers as follows: President, Barbara Gould; Vice-President, Danny Comins; Secretary, Bobby Walker; Treasurer, Ken Cummings; and Student Council Representative, Ronny Bourcy.

Our next year was again lead by Mr. Van Schaick as our advisor. Our class projects were fudge sales, a magazine sale, and the sale of class pins. Our officers were President, Barbara Gould; Vice-President, Bobby Walker; Secretary, Ken Cummings; Treasurer, Danny Comins; and Student Council Representative, Danny Comins.

Then in the fall of 1965, we were back as Juniors. Our class advisors were Mr. Griest and Mrs. Forepaugh. Our successful projects included car washes, a WOTT Hop, a stationery sale, fudge sales, and the sale of refreshments at basketball games. We held an annual Junior Prom with Charleen Bourn as Queen and Ronny Bourcy as King, with Patty Huck and George Kovalik as attendants. Our officers were President, Ken Cummings; Vice-President, Danny Comins; Secretary, Neil Crouse; Treasurer, Ronny Bourcy; and Student Council Representative, Neil Crouse.

This year, as Seniors, we find ourselves with 17 members. Our class advisor is Mrs. Forepaugh, and class officers are President, Neil Crouse; Vice-President, John Hillick; Secretary, Dick Lynch; Treasurer, Ronny Bourcy; and Student Council Representatives, Neil Crouse and Dick Lynch. Our activities have included a donkey basketball game, a three-act play, dances, car washes, the publication of the "Ontarion", and a trip to New York City.

Our class colors are blue and silver, and our class flower is the carnation. Our motto is "We can because we think we can."

During our years here at LCS, many persons have been with us from time to time. Alice Berard, Margaret Alberry, Barbara Gould, John Paul, Ed McDougall, David Parron, Tom Madill, Terry Thompson, Aletha Thompson, Eddie Davis, Fred Southwell, Debbie Stumpf, Korleen Lance, Norman Clark, Glen Haas, George Willett, Barbara Corbari, Carol Varney and Henry Tarwater have been members of our class at some time during the past four years.

# Class Prophecy

It is a mid-summer night in the year 2,000 on a day we had all agreed to meet. Out of the small treasury we had after graduation, we managed to rent the Masonic Hall for this special occasion. Mrs. Forepaugh agreed to be hostess and greeted us as we arrived.

DANNY COMINS, the head of this project, has had good experience in organization, for he has become president of the Internal Revenue Division on Jupiter.

DAWN KIRKBY is is the first to appear. Although she is a beautician now, she attempted to join the Globe Trotters, but couldn't pass the examination.

Behind Dawn we see STEVE BOURQUIN, who has become a captain of his own space vehicle and is engaged in drawing up a universal peace treaty for all humanity.

Next we see BETH WHATTAM, who is an interior decorator. Although she encounters problems such as green cheese, she has become quite well-known throughout the galaxy.

NEIL CROUSE, a professor of history, arrives in high fashion. He hasn't changed much, and his height can prove that.

In the distance we hear the roaring of a motor and the squeal of tires, and everyone rushes to the door to meet BOB WALKER. From a quiet guy, he has turned to racing stock cars for the Hell Drivers.

With Bobby we see GEORGE KOVALIK, who has become a commentator for UTVB (Universal TeleVision Broadcasting) and spends endless hours in kiddie shows.

A chauffeur-driven limousine drives up, and out of it strolls an apricot poodle, dragging behind him our famous world-wide change artist, COLLEEN CALLAHAN. She tells us she has just come back from a tour of Paris and reveals the latest hair styles.

The reunion seems to be going fine, but the excitement has just begun when a motor scooter roars through the door. It is only CHARLEEN BOURN, still practicing on Gary's scooter but improving very slowly.

As the refreshments are being passed, someone is missing, but not for long. In pops J. R. HILLICK, who eats his fill and then tells us of his musical experiences. He has performed on many planets and has his own theater on Pluto.

BOB CHAVOUSTIE, with two beautiful girls on each arm, walks in, bragging about his new Playboy Club. He explains that he is his own best customer and enjoys the exciting life of a millionaire playboy.

On an approaching flying carpet we discover RENEE GOODFRIEND, who says she is an expert in the field of data processing, has married her boss, and now spends endless hours pushing buttons in her billion dollar estate on Mercury.

Renee brings a telegram from RONNY BOURCY, stating that he is sorry he can't show up, but his space gas station was invaded by a storm of meteors and repair was urgent.

Much to our surprise, a tractor appears outside, and who should jump off but PATTY HUCK. She is married now and the only one of the class left on earth. She explains that she is sorry about being late, but it's hard to find a baby sitter for 15 children.

An explosion outside catches our interest, and we rush to the window to see DICK LYNCH pour out of a cloud of smoke. He just came back from a trip into the past and is now working on a new invention for the future. His scientific mind is quite valuable, even though many think he is hard to understand.

JOHN SUTTON pushes himself through the cloud of dust and arrives in quite some fashion. He looks like a Caesar Salad as he tries to explain his predicament. He says he is a caterer for the Universal Tootie Foodie Co. and has just finished a 19-course meal for ambassadors from Mars.

KEN CUMMINGS is the last to arrive. He tells us of his interesting adventures as an explorer of the universe. He has been doing well in the traveling business and has his own taxi service between Alpha Centauri and Venus. Thanks to his experiences at Lyme, he's made good.

Our reunion is a success, and our lives seem to have been enriched by our many experiences.

# Class Will

We, the Senior Class of Lyme Central School of Chaumont, in the county of Jefferson, state of New York, being of unsound character and conniving mind, do make, publish, and declare this our last will and testament in the manner following, that is to say:

FIRST:

To MR. BROWN we leave quiet halls and peace of mind from all the troubles our Senior Class members have caused.
To MRS. FOREPAUGH we leave a quiet homeroom and the bad test papers which shall be kept secret from this day hence.
To the JUNIORS we leave the rules on how to run a great Senior Class and how to make money!
To the FACULTY we leave the wonderful thoughts and sweet remembrances of the seriousness and full-fledged devotion we had for our studies, which will be remembered by all!

SECOND:

I, RONNY BOURCY, leave my versatility in basketball to anyone who feels he needs it.
I, CHAR BOURN, leave the authority to stand guard over Gary to Trudy Mount.
I, STEVE BOURQUIN, leave my excuses for being tardy to my brother Don to add to his collection.
I, COLLEEN CALLAHAN, leave my desire to have a different color hair every day to anyone who can afford a wig.
I, BOBBY CHAVOUSTIE, leave my temper that goes with my red hair to Martin Quencer.
I, DANNY COMINS, leave my place as class comedian to Erin Whattam.
I, NEIL CROUSE, leave my ability to hold two presidential offices at once to anyone stupid enough to accept them.
I, KEN CUMMINGS, leave my basketball skills to Mike Nichols, if he can control them.
I, RENEE GOODFRIEND, leave my ingenuity to anyone who has the talent to push buttons in Data Processing.
I, JOHN HILLICK, leave my ability to "tall up" from eating Kellogg's Cornflakes to Carol Nichols.
I, PATTY HUCK, leave my homemaking skills to Mary Ann Snyder and hope she'll put them to some use.
I, DAWN KIRKBY, leave my position as president of GAA to anyone who is willing to work for it.
I, GEORGE KOVALIK, leave my knack for getting into trouble but managing to look innocent to Richard Horning.
I, DICK LYNCH, leave my school ping-pong championship to anyone deserving enough to win it.
I, JOHN SUTTON, leave my outgoing personality with the girls to Billy Carr.
I, BOBBY WALKER, leave my baseball position (first baseman or pitcher) to Willard Haas.
I, BETH WHATTAM, leave my knowledge of spelling and my old Date Book to anyone who can use them together.

We hereby appoint as executors of this, our last will, the Monkees.

CLASS OF 1967

## ADVICE TO THE SENIORS

We advise RONNY BOURCY to go directly to the N.B.A. With his basketball skills he does not have to bother with college basketball.
